Fast-Tool

HKH100-()
Straight Hex Key Handle, -5 to -8 Pins

Screw Driver Style Handle
HKH100SD

T Style Handle
HKH100T

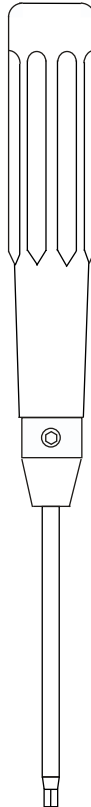

HKH100SD handle should only be
used for low break-off collars

Both handles accept HKS100-() 1/8" OD straight hex keys.
HKH100SD handle can also be used with HKL100-() 90° hex keys in
place of HK100LH-1 hex key extension.

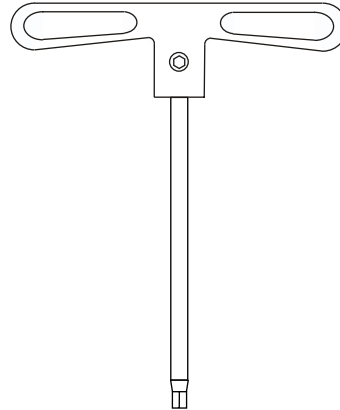

Fast-Tool

HKH200-()
Straight Hex Key Handle, -10 & -12 Pins

Screw Driver Style Handle
HKH200SD

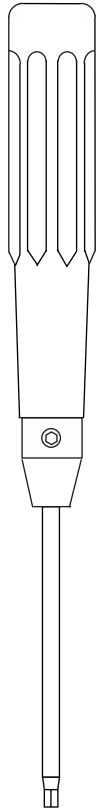

T Style Handle
HKH200T

Both handles accept HKS200-() 3/16" OD straight hex keys.

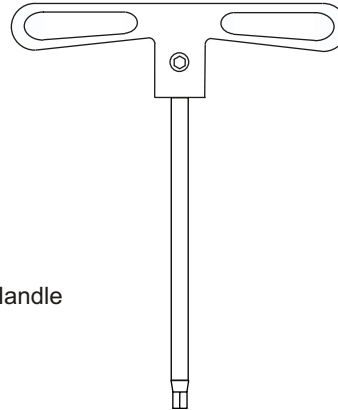

HKH200SD handle should only be used with very low break-off collars. Ideally, this handle replaces HK100LH-2 90° hex key extension when using HKL200-() 90° hex keys.

Screw Driver Style Handle
HK100HH

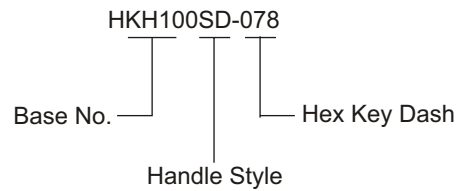

HKH100SD handle should only be used for low break-off collars

T Style Handle
HK100T

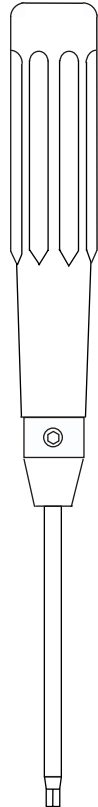

- Includes:
- Hex Key
 - Hex Key Handle

Dash	Hex	Hex Key P/N
-062	1/16	HK100S-062
-078	5/64	HK100S-078
-093	3/32	HK100S-093

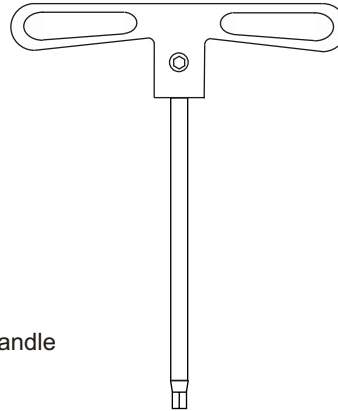

Screw Driver Style Handle
HK200HH

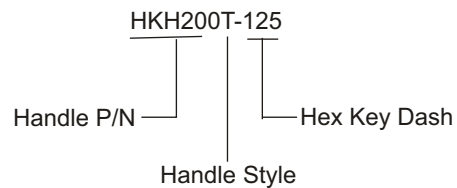

HKH200SD handle should only be used for very low break-off collars.

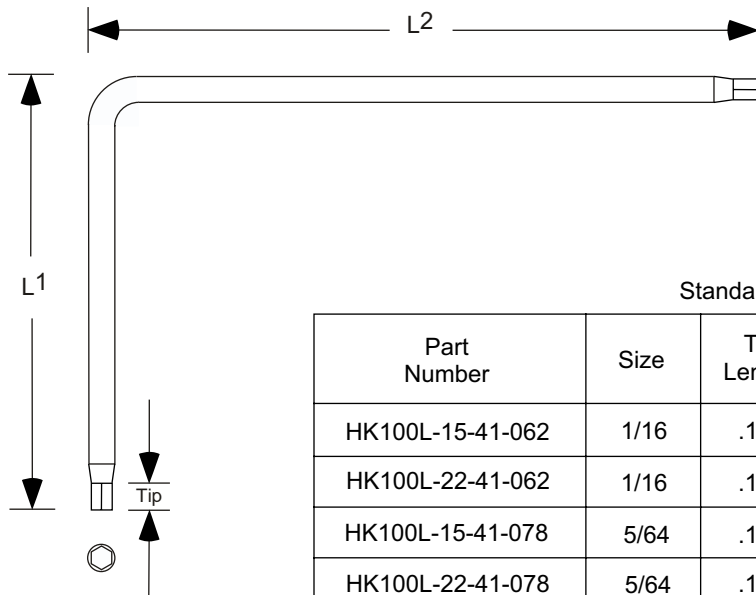

T Style Handle
HK200T

- Includes:
- Hex Key
 - Hex Key Handle

Dash	Hex	Hex Key P/N
-125	1/8	HK200S-125
-156	5/32	HK100S-156
